

Request for Proposals

Rural Municipal Transport Master Plan (RMTMP) of Purbichauki Rural Municipality

Pubichauki Rural Municipality
Office of the Municipal Executive
Sanagaun, Doti, Sudurpaschim Province, Nepal

2081

RFP Document for RMTMP

Section 1. Letter of Invitation

Dear shortlisted Consultants

1. Purbichauki Rural Municipality, Office of the Municipal Executive has allocated fund towards the cost of **Consultancy services for Rural Municipal Transport Master Plan of Purbichauki Rural Municipality** and intends to apply a portion of this fund to eligible payments under this Contract.
2. Purbichauki Rural Municipality now invites proposals to provide consulting services for **Rural Municipality Transport Master Plan of Purbichauki Rural Municipality** more details on the services are provided in the attached Terms of Reference.
3. The Request for Proposal (RFP) has been addressed to the following shortlisted consultants:
 - (i)
 - (ii)
 - (iii)
 - (iv)
4. A consultant will be selected under Quality and Cost Based Selection (QCBS) and procedures described in this RFP.
5. The RFP includes the following documents:
 - Section 1 - Letter of Invitation
 - Section 2 - Information to Consultants
 - Section 3 - Technical Proposal - Standard Forms
 - Section 4 - Financial Proposal - Standard Forms
 - Section 5 - Terms of Reference
6. Please inform us, upon receipt:
 - (a) that you received the letter of invitation; and
 - (b) whether you will submit a proposal alone or in association.

Yours sincerely,

.....
Chief Administrative Officer
Office of the Rural Municipal Executive,
Purbichauki Rural Municipality
Sanagaun, Doti, Sudurpaschim Province

Section 2. Information to Consultants

This Information to Consultants section shall not be modified. Any necessary changes, acceptable to client (GoN) or the Donor, to address specific country and project issues, shall be introduced only through the Data Sheet (e.g., by adding new clauses). Likewise, modifications to the standard Form of Contract should be made only by including clauses outlining the special conditions and not by introducing changes in the wording of the general conditions

1. Introduction

- 1.1 The Client named in the Data Sheet will select a consultant among those listed in the Letter of Invitation, in accordance with the method of selection specified in the Data Sheet.
- 1.2 The consultants are invited to submit a Technical Proposal and a Financial Proposal, for services as specified in the Data Sheet. The proposal will be the basis for contract negotiations and ultimately for a signed contract with the selected consultant.
- 1.3 The consultants must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain first-hand information on the assignment and on the local conditions, consultants are encouraged to visit the Client before submitting a proposal and are advised to attend a pre-proposal conference if one is specified in the Data Sheet.
- 1.4 The Client will provide the inputs specified in the Data Sheet, assist the consultant in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
- 1.5 Please note that (i) the costs of preparing the proposal and of negotiating the contract, including a visit to the Client, are not reimbursable as a direct cost of the assignment; and (ii) the Client is not bound to accept any of the proposals submitted.
- 1.6 GoN (or Donor Agency) policy requires that consultants provide professional, objective, and impartial advice and at all times hold the Client's interests paramount, without any consideration for future work, and strictly avoid conflicts with other assignments or their own corporate interests. Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of not being able to carry out the assignment in the best interest of the Client.
- 1.7.1 Without limitation on the generality of this rule, consultants shall not be hired under the circumstances set forth below:
 - a. A consultant, which has been engaged by the Client to provide goods or works for a project, and any of their affiliates, shall be disqualified from providing consulting services for the same project. Conversely, consultants hired to provide consulting services for the preparation or implementation of a project, and any of their affiliates, shall be disqualified from subsequently providing goods or works or services related to the initial assignment (other than a continuation of the consultant's earlier consulting services) for the same project.
 - b. Consultants or any of their affiliates shall not be hired for any assignment which, by its nature, may be in conflict with another assignment of the consultants.
- 1.7.2 Any previous or ongoing participation in relation to the assignment by the consultant, its professional staff or affiliates or associates under a contract with the GoN may result in rejection of the proposal. Consultants should clarify their situation in that respect with the Client before preparing the proposal.

- 1.8 It is the GoN's policy to require its implementing agencies, as well as consultants under GoN (or Donor Agency) financed contracts, to observe the highest standard of ethics during the selection and execution of such contracts. In pursuance of this policy, the GoN:
- a. defines, for the purposes of this provision, the terms set forth below as follows:
 - i. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the selection process or in contract execution; and
 - ii. "fraudulent practice" means a misrepresentation of facts in order to influence a selection process or the execution of a contract to the detriment of the Client, and includes collusive practices among consultants (prior to or after submission of proposals) designed to establish prices at artificial, non-competitive levels and to deprive the borrower of the benefits of free and open competition.
 - b. will reject a proposal for award if it determines that the consultant recommended for award has engaged in corrupt or fraudulent activities in competing for the contract in question;
 - c. will cancel the consultant's contract if it at any time determines that corrupt or fraudulent practices were engaged in by representatives of the consultant or the Client during the selection process or the execution of that contract;
 - d. will debar a consultant for a stated period of time, to be awarded a contract if it at any time determines that the consultant has engaged in corrupt or fraudulent practices in competing for, or in executing, a contract; and
 - e. will have the right to require that, a provision be included requiring consultants to permit the Client inspect their accounts and records relating to the performance of the contract and to have them audited by auditors appointed by the Client.
- 1.9 Consultants shall not be under a debarment for corrupt and fraudulent practices issued by GoN accordance with the above sub para. 1.8 (d).
- 1.10 Consultants shall be aware of the provisions on fraud and corruption stated in the Standard Contract under the clauses indicated in the Data Sheet.
- 2. Clarification and Amendment of RFP Documents**
- 2.1 Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the Data Sheet before the proposal submission date. Any request for clarification must be sent in writing by paper mail, cable, telex, facsimile, or electronic mail to the Client's address indicated in the Data Sheet. The Client will respond by cable, telex, facsimile, or electronic mail to such requests and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all invited consultants who intend to submit proposals.
- 2.2 At any time before the submission of proposals, the Client may, for any reason, whether at its own initiative or in response to a clarification requested by an invited consultant, amend the RFP. Any amendment shall be issued in writing through addenda. Addenda shall be sent by mail, cable, telex, facsimile, or electronic mail to all invited consultants and will be binding on them. The Client may at its discretion extend the deadline for the submission of proposals.
- 3. Preparation of Proposal**
- 3.1 Consultants are requested to submit a proposal Sub - Clause 1.2 written in the language(s) specified in the Data Sheet.

Technical Proposal

- 3.2 In preparing the Technical Proposal (TP), consultants are expected to examine the documents constituting this RFP in detail. Material deficiencies in providing the information requested may result in rejection of a proposal.
- 3.3 While preparing the Technical Proposal, consultants must give particular attention to the following:
- i. If a consultant considers that it does not have all the expertise for the assignment, it may obtain a full range of expertise by associating with individual consultant(s) and/or other consultants or entities in a joint venture or sub-consultancy, as appropriate. Consultants may associate with the other consultants invited for this assignment only with approval of the Client as indicated in the Data Sheet. Consultants must obtain the approval of the Client to enter into a joint venture with consultants not invited for this assignment.
 - ii. For assignments on a staff-time basis, the estimated number of professional staff-months is given in the Data Sheet. The proposal shall, however, be based on the number of professional staff-months estimated by the consultant. For fixed-budget-based assignments, the available budget is given in the Data Sheet, and the Financial Proposal shall not exceed this budget.
 - iv. Proposed professional staff must, at a minimum, have the experience indicated in the Data Sheet, preferably working under conditions similar to those prevailing in Nepal.
 - v. Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.
 - vi. Reports to be issued by the consultants as part of this assignment must be in the language(s) as specified in the Data Sheet.
- 3.4 The Technical Proposal shall provide the following information using the attached Standard Forms (Section 3):
- i. A brief description of the consultant's organization and an outline of recent experience on assignments (Section 3B) of a similar nature. For each assignment, the outline should indicate, *inter alia*, the client, location and duration of the assignment, contract amount, and consultant's involvement.
 - ii. Any comments or suggestions on the Terms of Reference and on the data, a list of services, and facilities to be provided by the Client (Section 3C).
 - iii. A description of the methodology and work plan for performing the assignment (Section 3D).
 - iv. The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member, and their timing (Section 3E).
 - v. CVs recently signed by the proposed professional staff and the authorized representative submitting the proposal (Section 3F). Key information should include number of years working for the consultant/entity and degree of responsibility held in various assignments during the last ten (10) years.
 - vi. Estimates of the total staff input (professional and support staff; staff time) needed to carry out the assignment, supported by bar chart diagrams showing the time proposed for each professional staff team member (Sections 3E and 3G).

**Financial
Proposal**

vii. A detailed description of the proposed methodology, and monitoring of training, if the Data Sheet specifies training as a major component of the assignment.

viii. Any additional information requested in the Data Sheet.

3.5 The Technical Proposal shall not include any financial information.

3.6 In preparing the Financial Proposal (FP), consultants are expected to take into account the requirements and conditions outlined in the RFP documents. The Financial Proposal should follow Standard Forms (Section 4). It lists all costs associated with the assignment, including (a) remuneration for staff (, in the field and at headquarters), and (b) reimbursable expenses such as subsistence (per diem, housing), transportation (mobilization and demobilization), services and equipment (vehicles, office equipment, furniture, and supplies), office rent, insurance, printing of documents, communication (Telephone, Fax etc.) surveys, and training, if it is a major component of the assignment. If appropriate, these costs should be broken down by activity.

3.7 The Financial Proposal should include all duties, taxes and other levies, and other charges imposed under the applicable law payable by the Consultant under the Contract or for any other cause.

3.8 Consultants shall express the price of their services in Nepalese Rupees.

3.9 The Data Sheet indicates the required validity period of the proposals. During this period, the consultant is expected to keep available the professional staff proposed for the assignment. The Client will make its best effort to complete negotiations within this period. If the Client wishes to extend the validity period of the proposals, the consultants who do not agree have the right not to extend the validity of their proposals.

**4. Submission,
Receipt,
Opening
Proposals**

4.1 The original proposal (TP and FP) shall be prepared in indelible ink. It shall contain no interlineations or overwriting, except as necessary to correct errors made by the consultant itself. Any such corrections must be initialled by the persons or person who sign(s) the proposals.

4.2 An authorized representative of the Consultants shall initial all pages of the original Technical and Financial Proposals. The authorization shall be in the form of a written power of attorney accompanying the Proposal.

4.3 For each proposal, the consultants shall prepare the number of copies indicated in the Data Sheet. Each Technical Proposal and Financial Proposal shall be marked "ORIGINAL" or "COPY" as appropriate. If there are any discrepancies between the original and the copies of the proposal, the original governs.

4.4 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked "Technical Proposal," and the original and all copies of the Financial Proposal in a sealed envelope clearly marked "FINANCIAL PROPOSAL" and warning: "DO NOT OPEN WITH THE TECHNICAL PROPOSAL." Both envelopes shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address and other information indicated in the Data Sheet and be clearly marked, "DO NOT OPEN, EXCEPT IN PRESENCE OF THE EVALUATION COMMITTEE."

4.5 The completed Technical and Financial Proposals must be delivered at the submission address on or before the time and date stated in the

Data Sheet. Any proposal received after the closing time for submission of proposals shall be returned unopened.

- 4.6 After the deadline for submission of proposals, the Technical Proposal shall be opened immediately by the evaluation committee. The Financial Proposal shall remain sealed and deposited with the Client's Procurement Unit until all submitted proposals are opened publicly.

5. Proposal Evaluation

General

- 5.1 From the time the bids are opened to the time the contract is awarded, if any consultant wishes to contact the Client on any matter related to its proposal, it should do so in writing at the address indicated in the Data Sheet. Any effort by the consultant to influence the Client in the Client's proposal evaluation, proposal comparison or contract award decisions may result in the rejection of the consultant's proposal.
- 5.2 Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation, is concluded.

Evaluation of Technical Proposals (QCBS,QBS,FBS, LCBS))

- 5.3 The evaluation committee, appointed by the Client as a whole, and each of its members individually, evaluates the proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria and point system specified in the Data Sheet. The evaluation committee shall compute the score obtained by each proposal by taking the average of the scores given by each member to the particular proposal. Each responsive proposal will be given a technical score (St). A proposal shall be rejected at this stage if it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.
- 5.4 In the case of Quality-Based Selection, the highest ranked consultant is invited to negotiate its proposal and the contract on the basis of the Technical Proposal and the Financial Proposal submitted in accordance with the instructions given in para. 1.2 and the Data Sheet.

Public Opening and Evaluation of Financial Proposals (CBS Only)

Public Opening and Evaluation of Financial Proposals (QCBS , FBS,LCBS)

- 5.5. The Financial Proposals shall be opened publicly in the presence of the consultants' representatives who choose to attend. The name of the consultant and the proposed prices shall be read aloud and recorded. The Client shall prepare minutes of the public opening.
- 5.6 After the evaluation of quality is completed, the Client shall notify those consultants whose proposals did not meet the minimum qualifying mark or were considered non-responsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be returned unopened after completing the selection process. The Client shall simultaneously notify the consultants that have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals. The opening date shall be 7 after the notification date. The notification may be sent by registered letter, cable, telex, facsimile, or electronic mail.
- 5.7 The Financial Proposals shall be opened publicly in the presence of the consultants' representatives who choose to attend. The name of the consultant, the technical scores, and the proposed prices shall be read aloud and recorded when the Financial Proposals are opened. The Client shall prepare minutes of the public opening.
- 5.8 The evaluation committee will determine whether the Financial

Proposals are complete (i.e., whether they have costed all items of the corresponding Technical Proposals; if not, the Client will cost them and add their cost to the initial price), correct any computational errors.

- 5.9 In case of Fixed Budget Selection (FBS), the consultant's Financial Proposals with cost more than the specified fixed budget ceiling by the Client in Data Sheet shall be rejected.
- 5.10 In case of Least Cost Based Selection (LCBS), the consultant's proposal which has scored the minimum pass mark in the Technical proposal and is of the least cost in the financial proposal shall be invited for negotiation.
- 5.11 In case of QCBS and FBS with financial proposal within specified fixed budget ceiling, the lowest Financial Proposal (Fm) will be given a financial score $s(Sf)$ of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights ($T =$ the weight given to the Technical Proposal; $P =$ the weight given to the Financial Proposal; $T + P = 1$) indicated in the Data Sheet: $S = St \times T\% + Sf \times P\%$. The consultant achieving the highest combined technical and financial score will be invited for negotiations.

6. Negotiations

- 6.1 Negotiations will be held at the address indicated in the Data Sheet. The aim is to reach agreement on all points and sign a contract.
- 6.2 Negotiations will include a discussion of the Technical Proposal, the proposed methodology (work plan), staffing and any suggestions made by the consultant to improve the Terms of Reference. The Client and consultant will then work out final Terms of Reference, staffing, and bar charts indicating activities, staff, periods in the field and in the home office, staff-months, logistics, and reporting. The agreed work plan and final Terms of Reference will then be incorporated in the "Description of Services" and form part of the contract. Special attention will be paid to getting the most the consultant can offer within the available budget and to clearly defining the inputs required from the Client to ensure satisfactory implementation of the assignment.
- 6.3 Unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff (no breakdown of fees) nor other proposed unit rates in the cases of QCBS methods. For QBS, the consultant should provide the information on remuneration rates described in the Appendix to this information.
- 6.4 Having selected the consultant on the basis of, among other things, an evaluation of proposed key professional staff, the Client expects to negotiate a contract on the basis of the experts named in the proposal. Before contract negotiations, the Client will require assurances that the experts will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of

the assignment. If substitution is considered, then the proposed alternative candidate shall be evaluated as per the original criteria. The qualification and experience of the substitute candidate shall equal to or higher than the originally proposed candidate. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the consultant may be disqualified.

6.5 The negotiations will conclude with a review of the draft form of the contract. If negotiations fail, the Client will invite the consultant whose proposal received the second highest score to negotiate a Contract.

7. Award Contract

- of 7.1 Pursuant to Sub-Clause 6.5, the consultant, with whom agreement is reached following negotiation, shall be selected for approval of his proposal and the Client shall notify its intention to accept the proposal to the selected consultant and other short-listed consultants within 7 days of selection of the winning proposal.
- 7.2 Any consultant, who has submitted a proposal and is not satisfied with the procurement process or Client's decision provided as per Sub - Clause 7.1 and believes that the Client has committed an error or breach of duty which has or will result in loss to him then the consultant may give an application for review of the decision to the Client with reference to the error or breach of duty committed by the Client. The review application should be given within 7 days of receipt of information regarding the issue of letter by the Client notifying its intention to accept the winning proposal pursuant to Sub Clause 7.1.
- 7.3 If the review application is not received by the Client pursuant to Sub-Clause 7.2 then the proposal of the Consultant, selected as per Sub-Clause 7.1 shall be accepted and the successful consultant shall be notified to come for signing the Agreement within 15 days.
- 7.4 If the Consultant fails to sign an agreement pursuant to Sub-Clause 7.3 then the Client will invite the consultant whose proposal received the next highest score to negotiate a contract.
- 7.5 If a review application is received by the Client pursuant to Clause 7.1 then the Client will clarify and respond within 5 days of receiving such application
- 7.6 If the applicant is not satisfied with the decision given by the procuring entity and/ or the decision is not given by the Procuring Entity Chief within 5 days, then the applicant can file a complaint to the Review committee within 7 days.
- 7.7 The Client shall return the unopened Financial Proposals of those consultants who did not pass the technical evaluation.
- 7.8 The consultant is expected to commence the assignment on the date and at the location specified in the Data Sheet.

8. Confidentiality

8.1 Information relating to evaluation of proposals and recommendations concerning awards shall not be disclosed to the consultants who submitted the proposals or to other persons not officially concerned with the process, until the letter of intention to accept the proposal is not issued to the selected consultant pursuant to Sub- Clause 7.1.

9. Conduct of Consultants

- of 9.1 The Consultant shall be responsible to fulfil his obligations as per the requirement of the Contract Agreement, RFP documents and GoN's Public Procurement Act and Regulations.
- 9.2 The consultant shall not carry out or cause to carry out the following acts with an intention to influence the implementation of the procurement process or the procurement agreement:

- a. give or propose improper inducement directly or indirectly
- b. distortion or misrepresentation of facts
- c. engaging or being involved in corrupt or fraudulent practice
- d. interference in participation of other prospective bidders.
- e. coercion or threatening directly or indirectly to impair or harm, any party or the property of the party involved in the procurement proceedings,
- f. collusive practice among consultants before or after submission of proposals for distribution of works among consultants or fixing artificial/uncompetitive proposal price with an intention to deprive the Client the benefit of open competitive proposal price.
- g. contacting the Client with an intention to influence the Client with regards to the proposals or interference of any kind in examination and evaluation of the proposals during the period after opening of proposals up to the notification of award of contract

10. Blacklisting Consultant

- 10.1 Without prejudice to any other rights of the Employer under this Contract, the Public Procurement Monitoring Office may blacklist a Consultant for his conduct up to three years on the following grounds and seriousness of the act committed by the consultant:
 - a) if it is proved that the bidder committed acts pursuant to the Information to Consultants clause 9.2,
 - b) if the bidder fails to sign an agreement pursuant to Information to Consultants clause 7.3,
 - c) if it is proved later that the bidder/contractor has committed substantial defect in implementation of the contract or has not substantially fulfilled his obligations under the contract or the completed work is not of the specified quality as per the contract
 - d) if convicted by a court of law in a criminal offence which disqualifies the consultant from participating in the contract.
 - e) if it is proved that the contract agreement signed by the consultant was based on false or misrepresentation of consultant's qualification information,
 - f) other acts mentioned in the Data Sheet or SCC
- 10.2 A Consultant declared blacklisted and ineligible by the Non-Public procurement Office and or concerned Donor Agency in case of donor funded project shall be ineligible to bid for a contract during the period of time determined by the GON and or the concerned donor agency.

To: Purbichauki Rural Municipality
Office of the Rural Municipal Executive
Sanagaun, Doti, Sudurpaschim Province, Nepal

Ladies/Gentlemen:

We, the undersigned, offer to provide the consulting services for *Rural Municipal Transport Master Plan (RMTMP) of Purbichauki Rural Municipality* in accordance with your Request for Proposal dated [Date]. Our attached Financial Proposal is for the sum of [Amount in words and figures]. This amount is inclusive of the local taxes except Value Added Tax (VAT), which we have estimated at [Amount(s) in words and figures].

Our Financial Proposal shall be binding upon us subject to the modifications resulting from Contract negotiations, up to expiration of the validity period of the Proposal, i.e., [Date].

We understand you are not bound to accept any Proposal you receive. We remain,
Yours sincerely,

RURAL MUNICIPALITY TRANSPORT MASTER PLAN PREPARATION GUIDELINES AND TERMS OF REFERENCE FOR HIRING CONSULTANTS

RURAL MUNICIPALITY TRANSPORT MASTER PLAN (RMTMP) / RURAL MUNICIPALITY TRANSPORT PERSPECTIVE PLAN (RMTPP) OF Purbichauki RURAL MUNICIPALITY OF DOTI DISTRICT

5A. Introduction

Local Self-Governance Act (LSGA) provisions formulation of local development plan according to needs-based, bottom-up and participatory approach. It has prominently defined tangible steps for formulation of such development plan. Underlying objective of this plan is to make investment for planned development within each of the local bodies' territory. Ultimately, development endeavors help attaining sustainable livelihood and improved well-being of people. People's needs for sustainable livelihood and improved well-being are such that they require better access to information, markets and opportunities; they need better access to health, education and other goods and services. Accordingly, gradual investment in physical infrastructure development evolved urbanized and semi-urbanized settlements leading to improved access to various services, opportunities and resources by interior communities from state owned and private entities.

Ministry of Federal Affairs and Local Development stepped up to bring forward proposal to create additional 72 new municipalities from those urban and semi-urban settlements by combining prevalent Village Development Communities. Government of Nepal approved the proposal leading to creation of 72 new municipalities. Since these municipalities/rural municipalities are at an early stage of infrastructure development they require ample mentoring and molding so that organized and beautiful cities are developed in due course of time. This will only be possible if and only if these municipalities/rural municipalities can create planned transport network as it is '**infrastructure of infrastructures**'. Therefore, present environment is conducive for development of appropriate and implementable transport framework for these municipalities.

In this context, this Terms of Reference (ToR) is prepared to hire consultants to prepare Rural Municipal Transport Master Plan (RMTMP). The ToR aptly amalgamates the framework for RMTMP preparation with responsibility of the consultant to be hired in one package. Intended RMTMP can partially fulfill lacking part of LSGA, which is objective tool for prioritizing the projects.

5B. Objectives

The **overall objective** of the consulting services is to prepare the **Rural Municipality Transport Master Plan (RMTMP/RMTPP) of Purbichauki Rural Municipality.**

As part of RMTMP preparation, accessibility planning could be an effective tool to assess the existing situation of the services and facilities. The interventions derived from the accessibility planning will represent the real needs and priorities of the local people. The planning approach is participatory and bottom-up from the settlement level. The implementations of such projects will certainly be more participatory and owned by the local communities.

The RMTMP is designed to take account of the real needs of the people for infrastructure as per vision of the city development plan that will primarily be a **visionary plan**. Based on this visionary plan RMTMP shall be **harmonized with DoLIDAR's Approach manual** to maintain similarity so that rural municipal transport network can be overlaid to the respective DTMP/other MTMPs to prepare local transport network.

5B.1 The specific objectives, but not necessarily limited to the following, are:

- Finalize vision of city development plan.
- Analyze the accessibility situation.
- Identify and priorities the interventions based on the accessibility situation.
- Prepare Indicative Developmental Potential Map (IDPM)
- Prepare the Rural Municipality Inventory Map (RMIM) of Road networks.
- Collection of demands for new/rehabilitation transport linkages from Settlements based on city development plan.
- Prepare the Perspective Plan of transport services and facilities;
- Synchronize the draft Perspective Plans of adjoining VDCs/Municipalities/districts
- Develop scoring criteria and its approval from Rural Municipality.
- Prepare the five year Rural Municipality Transport Master Plan (RMTMP)
- Prepare a realistic physical and financial implementation plan of prioritized roads for the MTMP period; and
- Prepare Rural Municipal Transport Perspective Plan (RMTPP).

3C. Scope of Services

The scope of services to be carried out by the Consultant shall broadly include, but not be limited to, the following:

a) Assist in the Formulation of the Rural Municipality Roads Coordination Committee (RMRCC)

The main task of the RMRCC is to provide support to the municipality in formulating, managing and monitoring Rural Municipality road transport infrastructure policies, rules and regulations. Generally, the RMRCC shall be composed of:

<input type="checkbox"/> RM Chairperson	Chairperson MRCC
<input type="checkbox"/> Executive Officer of rural municipality	Member
<input type="checkbox"/> Two elected or nominated Rural Municipality members	Member
<input type="checkbox"/> One representative from different political parties	Member
<input type="checkbox"/> Chiefs of Lines agencies within the rural municipality	Member
<input type="checkbox"/> Representative from Women and ethnic minority groups	Member
<input type="checkbox"/> DTO representative	Member
<input type="checkbox"/> Planning section chief of Rural municipality	Member
<input type="checkbox"/> RMTS Chief	Member
Secretary	

The consultant shall advise, assist and support the Rural Municipality to form the RMRCC. It shall ensure involvement of the RMRCC in the entire planning, decision-making, programming etc. processes in the preparation of the RMTMP. Initiating with one **introduction/orientation workshop** to the various stakeholders (RMRCC, Ward representative and Tole Sudhar Committee's representatives) about the process and procedures and their respective roles during the Preparation of RMTMP/RMTPP the consultant shall continue preparation of RMTMP.

b) Secondary Sources of Information and Review of the existing MTMP

The consultant shall collect secondary information from the various district based line agencies, project/programmes, INGOs/NGOs, and other regional and central level organizations as required.

The consultant shall review the available existing RMTMP if any. All the roads identified from secondary sources shall be assessed and considered seriously for the forthcoming RMTMP. The RMTMP should be updated every 5 years.

c) Accessibility Data Collection and Analysis

Accessibility data shall be collected using GPS from settlement level by involving enumerator/s. Proper orientation training provided to the enumerator/s for efficient data collection within the prescribed time period.

d) Prepare the Indicative Rural Municipality Development Potential Map (IDPM)

The consultant shall prepare the **Indicative Rural Municipality Development Potential Map (IDPM)** according to the vision of city development plan. The base map will be prepared on a 1:25000 scale topographical map and digitized to prepare GIS Maps. The identification and ranking process of existing/potential areas and services shall be carried. The consultant shall validate the IDPM from the RMRCC and Municipality.

e) Prepare the Rural Municipality Inventory Map (RMIM) of Rural Road, Main Trails and Bridges

The consultant shall prepare **Rural Municipality Inventory Map (RMIM)** of the municipality linking to existing strategic and local road network such as national highways, trunk roads, district core road network (DRCN), main trails and main bridges, wherever pertinent and possible, by plotting on the 1:25000 topo-base maps. The consultant shall carry out, by mobilizing enumerator/s, reconnaissance/walkover surveys. The consultant shall disseminate and discuss RMIM with a wider audience through a municipality level **workshop**. Later, the RMIM shall be discussed and verified through discussion with the municipality technical team and finalized from the municipality.

f) Collection of Demands for New/Upgrading/Rehabilitation Transport Linkages from Wards/Settlements

The consultant shall collect formal requests for new construction or rehabilitation of different linkages from wards and settlements, on their needs basis. The demand shall be collected in the order of priority in case of more than one transport linkage is demanded from each ward. The collected demand shall be screened, synthesized, synchronized and harmonized at municipality level through a **workshop**. Similarly, the consultant shall obtain the socio-economic data of all requested transport linkages by involving enumerator.

g) Developing Scoring Criteria and its Approval from Municipality

The Consultant shall mandatorily develop weight system for the scoring and prioritization criteria for screening and prioritized demanded, for all interventions. The scoring and prioritization criteria shall be approved by the rural municipality. All the demanded linkages shall be processed and undergo through the screening and prioritization process.

h) Preparation of Estimate for 8Km roads Proposed by RMRCC within the Rural Municipality

The Consultant shall develop estimate for 8Km roads proposed by RMRCC. The consultant shall carry out survey for roads estimate preparation. Estimate shall

include overall financial cost determination of necessary road maintenance work, double cutting, gravelling or flexible pavement construction.

i) Road classification and nomenclature

The consultant shall prepare road classification criteria, propose metric system of road nomenclature and accordingly apply the same during data collection and stock taking from field. For this, annexed guideline shall be followed.

j) Preparation of Perspective Plan of Interventions of Services and Facilities

The consultant shall prepare perspective plan of interventions of services and facilities, which are identified from the accessibility analysis and municipality level workshops. All the identified interventions shall be screened and rated on the basis of approved criteria. The consultant shall discuss with the rural municipality technical team and the RMRCC relating to interventions of services and facilities for the improvement of the access situation and shall forward to Municipality Council meetings with recommendation. Accordingly, the final perspective plan of municipality roads will be developed. The perspective plan shall be shown in GIS maps also.

k) Analyse Fund Availability for Roads

The internal and external financial resources available in the municipality shall be reviewed by the consultant discussing with the municipality authorities so that the financial resources available for the transport interventions during the five year MTMP period can be estimated. Sources of funding include annual budget allocated in the municipality, the budget allocated through GoN central agencies such as DoLIDAR/MoFALD etc. Other possible sources of funds could be from road tolls, royalties, land taxes etc. Prospects of funding from other external sources, including possible and committed funding from donors, are reviewed and shall be taken into account.

l) Preparation of the Rural Municipality Transport Master Plan (RMTMP)

Considering the Perspective Plan, the consultant shall prioritize the Perspective Plan. Subsequently, the consultant shall prepare and/or update the five year RMTMP of the rural municipality by selecting transport interventions (maintenance, upgrading and new construction of main trails, trail bridges and roads) from among top priority in the Perspective Plan starting from first and that could be implemented in the next five years period. This shall be based on cost estimates of maintenance, upgrading, rehabilitation and new construction of main trails, bridges and roads and available financial resources.

The consultant shall present the findings of the RMTMP and RMTMP to rural municipality and RMRCC in a **workshop** and incorporate the suggestions and recommendations from the Rural Municipality and RMRCC in the final report.

subsequently, the rural municipality will present the final RMTMP report to the Rural municipality council for formal approval that will be approved by Rural municipality council with a strong commitment not to invest in non-RMTMP roads.

5D. Client's Proposed Composition of Staff

i) Study Team Composition and Input:

The team shall consist of the following professionals and support staff for preparation of RMTMP/RMTPP. Updating shall require reduced inputs as the mapping and data collection procedures will be established already.

i) Professionals:

a. Team Leader/Transportation

The Team Leader/ Transportation Engineer should have wide experience and expertise in Transportation of rural roads, including:

- More than 10 years experience in Transportation sector, such as preparation of DTMP/MTMP, District Periodic Plan etc .
- Preparation of DTMP/MTMPs according to DoLIDAR's Approach Manual and IRAP tool is an advantage.
- Must have Masters Degree in any one of the following subjects: Regional/Transport Planning, Civil Engineering, Economics, Sociology, Rural Development or Management.
- In case of Team Leader an engineer he/she must be registered in Nepal Engineering Council.

b) Civil Engineer (if Team Leader is other than engineer) should have

- More than 5 years experience in rural road engineering and preparation of DTMP/MTMPs according to DoLIDAR's Approach Manual is an advantage.
- Must have a bachelor's degree in Civil Engineering.
- Must be registered in Nepal Engineering Council.

c) Socio-economist (if Team Leader is from engineering field) should have

- More than 5 years experience in socio-economic surveys. Preparation of District Periodic Plan, District Transport Master Plan and/or District Annual Plan is an advantage.
- Must have completed Masters' Degree in Social Science or Economics.

d) GIS expert should have

- More than 5 years experience in GIS relating to mapping and analysis. Preparation of maps of District Transport Master Plans is an advantage.
- Must be bachelor in Engineering or Geography.
- Relevant training in GIS.

- ii) Support Staff
- a) Sub-engineer/Supervisor/draft person
- b) Enumerators

5E. Duration of the Study and Reporting

The duration for the assigned task is three (1.5) months. The consultant shall submit the following reports:

i) Inception report: The consultant shall submit two (2) copies of the inception report within one weeks after signing the contract. Inception must include detail methodology for formulating rural municipality's visionary plan, collection of secondary information, work plan and activities. The forms and formats/questionnaires shall be fine tuned and proposed appropriately if found lacking for this assignment. The formats and questionnaires shall be reviewed and approved by Municipality Technical section in coordination with planning section within the municipality. The municipality shall seek consultation and/or support from DoLIDAR /MoFALD at any time during the entire period.

ii) Field report: The consultant shall submit two copies of the field report within 15 days from the date of signing of contract. The report shall indicate detail methodology applied for completion of fieldwork, associated problems encountered and adopted solutions.

iii) Draft report: The consultant shall submit four (2) copies of the draft report after one months from the date of signing the contract. The report should have two volumes. **Volume I** should contain the main report and all GIS maps and **Volume II** should contain various data and detail analysis for scoring and prioritization. All maps should be **multi-color** and the layers that shall include:

- Map 1: Map of Nepal showing strategic road network and location of district
- Map 2: Indicative Development Potential Map
- Map 3: Rural municipality Road Inventory Map
- Map 4: Land Use Map of the rural municipality
- Map 5: Consolidated RMTTP Map showing all Road Class 'A', 'B' & 'C' as defined by municipality
- Map 5a: RMTTP Map of Road Class 'A'
- Map 5b: RMTTP Map of Road Class 'B'
- Map 5c: RMTTP Map of Road Class 'C'
- Map 6: Consolidated RMTMP Map of showing all Road Class 'A', 'B' & 'C'
- Map 6a: RMTMP Map of Road Class 'A'
- Map 6b: RMTMP Map of Road Class 'B'
- Map 6c: RMTTP Map of Road Class 'C'
- Map 6d: Map showing Bridges

The consultant shall conduct one interactive one day workshop for acquiring comments/suggestions by involving related stakeholders. A few samples of the desired maps can be referred from DOL/DAR approach manual.

iv) Final report: The consultant shall submit six (3) copies and one soft copy of final reports one and a half months from the date of signing of contract. Final report shall incorporate comments and suggestions received on the draft reports and also from rural municipality workshops. The report should be also be submitted in two Volumes, as mentioned in the draft report. All six (6) sets of GIS maps should fit in A3 size paper with the nearest 25,000 thousand scale (i.e., 1:200000, 1:225,000, 1:250,000, 1:275,000 etc) and required layer as described in draft report. In addition, one (1) set of the hard copy of maps should be in topographic fine map sheets.

5F. Indicative Reporting Outline is as follows;

Other Relevant Issues (please briefly discuss other important issues, if any)
Conclusion

5G. Organisation of Workshops

The Consultant shall be responsible to organize and conduct all workshops mentioned in the ToR. All costs incurred for the workshops (including allowances for participants, stationeries, refreshments etc) shall be borne by the consultant as per the quoted cost.

5H. Proposal Submission

The consultants shall submit technical and financial proposals under two-envelope system. The technical and financial proposals must be enclosed in separate wax sealed envelopes, clearly mentioning the type of proposal (Technical and Financial) and name of the task on the envelope. Then both the sealed envelopes must be enclosed in an outer waxed sealed envelope, clearly stating the name of proposal, purchaser's address and the firms' name and address.

5I. Payment Schedule

The payment schedule will be as per the following:

After approval of inception report = 20% of the total contract amount.

After approval of the draft report = 30 % of the total contract amount.

After approval of the final report = 50% of the total contract amount.

Tax and security deposit will be deducted as per prevailing local governance financial rules and regulation.
